SQUARE BOLLARD: STANDARD PROFILE

PRODUCT SPECIFICATION

- The Square Bollard: Standard Profile (SP/SG) is a high quality, long-lasting bollard to suit many different applications.
- Manufactured from Naturally Very Durable Hardwood, the simple, natural appearance and robust construction means this bollard is ideal for keeping spaces open and accessible to pedestrians, whilst providing effective traffic control.
- Woodscape bollards are manufactured to an exceptionally high standard and require little or no maintenance.
- Eight standard section sizes ranging from 100-300mm and greater if determined.
- Eight standard overall lengths (including below ground) from 750-1800mm and greater if determined.
- All bollards can be customised with or without a 'V' groove, reflective bands, discs, plates, signs or custom routed text or imagery.
- Available as a Removable Bollard with Stainless Steel socket (see separate datasheet).
- To specify use code SP width / length or SG width / length for grooved version.
- Available in FSC Certified Hardwood.
