

TVS Bagged Insulation Pads

TVS 100mm thick **Ceiling Insulation Pads** are designed to reduce the amount of heat and sound lost from a room. They are lightweight, low cost and won't damage the integrity of your ceiling.

- No loose fibres in the ceiling void
- Helps reduce 'room-to-room' sound
- Black polythene enclosed acoustic pad
- Show black through any ceiling perforations
- 45kg/m³ density
