

triangle + diamond

Equilateral tall triangles can be interlocked in different sizes and colours to create features limited only by the imagination. Diamonds are eyecatching space dividers and troughs.

Les grands triangles équilatéraux peuvent s'assembler en différentes tailles et couleurs pour créer des compositions illimitées. Les Geo Diamants sont des jardinières attirantes et originales.

De gelijkzijdige driehoeken kunnen in diverse vormen en maten gekoppeld worden. Een lust voor het oog. Geo Diamonds zijn om de ruimte te verdelen en als bakken, echte blikvangers.

Colours + Finishes
